

Ultra^{9K}TM

Waterborne Basecoat System

OUR BEST BASECOAT EVER

PREMIUM PERFORMANCE

Ultra 9kTM is manufactured in the most sophisticated lab conditions and tested in a variety of shop environments, providing you with confidence in a product with high quality and repeatable performance.

PRODUCTIVE SPEED AND SYSTEM DESIGN

Benchmark tests have shown that the Ultra 9kTM refinish system meets or exceeds customers' expectations. Sherwin-Williams commitment to be an industry leader in innovation results in a basecoat with repeatable performance and efficient processes that help improve cycle times and increase profits.

PRECISE COLOR MATCH

Phenomenal color match is the first thing painters and shop owners notice about the Ultra 9kTM waterborne basecoat system. From mixing to spraying, the color holds true! Arrive at color matches quicker.
