VISION 2020

Vision 2020 represents a major breakthrough in powder coating technology focused on eco-friendly products designed for the architectural market. Vision 2020 puts our cumulative knowledge of architectural color trends at your availability. Sherwin-Williams has developed the collection Vision 2020 with the scope to convey emotion, define global cultures, awaken the spirit, stir the soul, embellish desires, and finally help all of us to evolve into the realm of color.

ANODITE

Anodite is a new generation of architectural polyester powder coatings with a smooth, low-gloss, metallic appearance designed to simulate the colors of anodizing - but with the added advantages of hiding surface imperfections and defects in the metal.
