Duraspar[®] IP

Designed for demanding markets, the Duraspar Industrial Performance (IP) coating system combines the aesthetics of automotive paints with the rugged performance of an industrial coating. Known as the Sherwin-Williams workhorse transportation coating with outstanding first-pass hide, Duraspar IP is trusted by commercial vehicle, locomotive, trailer and heavy equipment OEMs around the globe for its efficiency, versatility and performance.

**EXCEPTIONAL
FIRST PASS
HIDE**

Duraspar IP is a 2K polyurethane intermix system consisting of 27 colored monobases. Each monobase is a fully formulated paint system that can be applied on its own or mixed with other monobases to create nearly any color. Its simple mix ratio and robust application properties make mixing and applying paint easy.

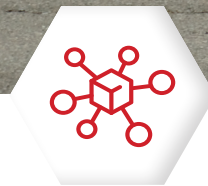

Duraspar[®] IP IS A HIGH-PERFORMING 2K POLYURETHANE SYSTEM THAT

A TOTAL COST SOLUTION

Duraspar IP minimizes total applied costs by delivering:

- Improved first-pass yield
- Reduced overall paint process time
- Reduced VOCs (<420 g/L)
- Increased throughput
- Reduced paint waste
- Minimized defects and rework
- Reduced energy consumption

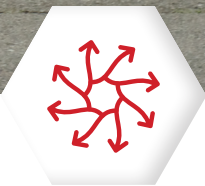

ROBUST APPLICATION

Duraspar IP was formulated to provide best-in-class application properties including:

- Consistent viscosity
- Uniform color and gloss
- Excellent edge coverage
- Outstanding hide strength
- Exceptional sag resistance
- Accelerated cure speeds
- Simple mix ratio
- Digital color system that gives you access to thousands of formulas
- Wet-on-wet capable

PERFORMANCE THAT OFFERS

VERSATILITY

Duraspar IP is a highly versatile system that can be customized to the unique demands of your paint line:

- Available in thousands of color formulas, including metallics
- Appropriate for a wide range of substrates and application methods
- Multiple activators, reducers and additives to meet your line conditions

PROVEN DURABILITY

This rugged coating system can meet the most rigorous specifications and withstand the test of time:

- Compatible with a wide range of primer systems to meet corrosion specifications
- Outstanding UV weatherability
- Excellent chip and mar resistance

Duraspar® IP APPLICATIONS

COMMERCIAL VEHICLES

Street Sweepers

Buses

Cement and Tank Trucks

Dumper Trucks

Utility Vehicles

Powersports

Emergency Vehicles

HEAVY EQUIPMENT

Construction

Agricultural

Mining

Lifts and Platforms

Cranes

Implements

Components

TRAILER

Chassis

Semi-Trailers

Flatbeds

Utility Trailers

RAIL

Coaches and Trams

Locomotives

Goods Wagons
