LOCOMOTIVE & PASSENGER RAIL

Coatings Solutions

Sherwin-Williams General Industrial Coatings is your comprehensive and wide-ranging coatings supplier. We offer industry-leading innovation through knowledge and technical expertise, provide solution-driven service through our customized and flexible service model, and refine your productivity by identifying your needs and improving profitability.

Take advantage of our extensive portfolio of locomotive and passenger rail coatings. With excellent dry time, increased throughput, and first-pass yield that results in reduced usage of paint, our coatings provide everything you are looking for.

HOW WILL WE BE YOUR RAIL COATINGS SOLUTION?

Whether you're looking to cut application times, get fire and smoke approvals, or achieve excellent weathering and corrosion resistance, we can supply what you need.

INTERIOR & EXTERIOR COATINGS

- High Corrosion resistant Primers
- High-Performing Duraspar® Urethane Topcoat System
- Anti-Sag, Graffiti-Resistant Clearcoats
- Syntha Pulvin® Powder Coatings
- Single-Cure Powder Systems
- Full Waterborne and Hybrid Systems

Even after traversing hundreds of miles, we ensure your products will look and perform just as well as they did in the spray booth.

DESIGN ENGINEERING

Sherwin-Williams offers consultative expertise in the design and installation of your finishing operations, resulting in a professionally-designed coatings operation customized to meet your unique needs.

GLOBAL FOOTPRINT

With offices, labs, and manufacturing and technical support across the globe, we can provide finishing solutions for single or multi-site operations.
