COLLECTIONS

VISION 2030 COLLECTION

The Sherwin-Williams Vision 2030 Collection puts our cumulative knowledge of architectural color trends at your fingertips with 48 colors across four palettes: Generation Past, Quantum City, Restore & Rewild and Hybrid Community. These coatings are Qualicoat Class 2 and GSB Florida 3 certified.

ANODITE PLUS

Anodite Plus is an ultra matt series of polyester powder coatings for the Architectural Market. These coatings offer a smooth and metallic appearance designed to simulate the colors of anodizing but with the added advantages of hiding surface imperfections and defects in the metal. The collection meets the requirements of Qualicoat Class 2 and GSB Florida 3.

POWDURA® ECO POWDER COATINGS

Powdura ECO FTX HD is a highly durable, premium quality coating certified as Qualicoat Class 2 and GSB Florida 3. As a transformative approach to powder coatings for the architectural market, Powdura ECO FTX HD offers a full range of 21 trendy colors and trending effects that last. Containing recycled materials, offering a large and low curing window and providing enhanced UV fastness, Powdura ECO FTX HD is the perfect answer to the market's unique needs.
