# KEM AQUA® 3001

WATERBORNE ACRYLIC URETHANE TOPCOAT FOR BUILDING PRODUCTS

## VERSATILITY AND PERFORMANCE FOR VINYL AND FIBERGLASS SUBSTRATES

Original equipment manufacturers (OEMs) of vinyl and fiberglass windows, and job shops that paint window profiles and other building products, can now choose a quality coating from the Kem Aqua product line. Available in satin and semi-gloss sheens, Kem Aqua 3001 is designed to meet the stringent AAMA 613 and 623 organic coating requirements for composites and plastics.

This product is commonly specified as the finish for windows and doors in new, multifamily and residential construction projects as well as the remodel/replacement windows segment.

Color options range from white to bronze and dark, rich black finishes. You can pick one of our many color options or develop custom colors to meet your market requirements.

HIGHLIGHTS	BENEFIT
Single-component, fast drying	Excellent processing and ease of use in manufacturing setting
Hardness provides mar-resistant finish applied directly to vinyl and fiberglass substrates	Can withstand assembly, cutting and installation handling without damage to coating
Low VOC, no reportable HAPs and NMP-free	Meets most regulatory requirements, water cleanup
Meets AAMA 613 and 623	Recognized as industry standards; 1-2 years south Florida durability for vinyl and fiberglass substrates
Uses solar reflective pigments	Enhanced long-lasting color that meets or exceeds AAMA 613 and 623 requirements
Can air dry for easy touchup	Same touchup as production material eliminates unsightly installation issues
Available in satin and semi-gloss sheens	Can customize for color and gloss
Qualifies for Sherwin-Williams Approved Applicator Program	Additional confirmation of performance validation

AAMA + IGMA

At Sherwin-Williams, we think about coatings differently, continuously seeking the perfect solution to help your products win over your customers. Whether you need the most rugged and protective coating, a technical expert to provide answers and hands-on support, consistently perfect color at just the right gloss, or a custom solution created just for you – we are here to help. We are Sherwin-Williams General Industrial Coatings, and we are obsessed with giving you the competitive edge.
