

Duraspar[®] IP

DURASPAR INDUSTRIAL PERFORMANCE
2K POLYURETHANE SOLVENTBORNE TOPCOAT SYSTEM

SHERWIN-WILLIAMS[®]

Duraspar[®] IP

Designed for demanding markets, the Duraspar Industrial Performance (IP) coating system combines the aesthetics of automotive paints with the rugged performance of an industrial coating. Known as the Sherwin-Williams workhorse transportation coating with outstanding first-pass hide, Duraspar IP is trusted by commercial vehicle, locomotive, trailer and heavy equipment OEMs around the globe for its efficiency, versatility and performance.

Duraspar IP is a 2k polyurethane intermix system consisting of 27 colored monobases. Each monobase is a fully formulated paint system that can be applied on its own or mixed with other monobases to create nearly any color. Its simple 3:1:1 mix ratio and robust application properties make mixing and applying paint easy, even for the most inexperienced painters.

Duraspar® IP IS A HIGH-PERFORMANCE 2K POLYURETHANE SYSTEM THAT OFFERS

A TOTAL COST SOLUTION

Duraspar IP minimizes total applied costs by delivering:

- Improved first-pass yield
- Reduced overall paint process time
- Reduced VOCs
- Increased throughput
- Reduced paint waste
- Minimized defects and rework
- Reduced energy consumption

ROBUST APPLICATION

Duraspar IP was formulated to provide best-in-class application properties including:

- Consistent viscosity
- Uniform color and gloss
- Excellent edge coverage
- Outstanding hide strength
- Exceptional sag resistance
- Accelerated cure speeds
- Simple mix ratios
- Digital color system that gives you access to thousands of formulas
- Wet-on-wet capable

VERSATILITY

Duraspar IP is a highly versatile system that can be customized to the unique demands of your paint line:

- Available in thousands of color formulas, including metallics
- Available in 2.8 and 3.5 VOC options
- Appropriate for a wide range of substrates and application methods
- Multiple activators, reducers and additives to meet your line conditions
- Two- or three-component systems available

PROVEN DURABILITY

This rugged coating system can meet the most rigorous specifications and withstand the test of time:

- Compatible with a wide range of primer systems to meet corrosion specifications
- Outstanding UV weatherability
- Excellent chip and mar resistance

Duraspar® IP APPLICATIONS

COMMERCIAL VEHICLE

- Street Sweepers
- School Buses
- Cement Trucks
- Dump Bodies
- Utility Bodies
- Powersports
- Emergency Vehicles

HEAVY EQUIPMENT

- Construction
- Agricultural
- Mining
- Lifts and Platforms
- Cranes
- Implements
- Components

TRAILER

- Chassis
- Semi-Trailers
- Flatbeds
- Utility Trailers

RAIL

- Passenger
- Locomotive

Talk to your Sherwin-Williams sales representative today about how Duraspar IP can transform your paint operation.

SUBSTRATES

- Cold rolled steel
- Hot rolled steel
- Hot dip galvanized
- Aluminum
- Galvanized

APPLICATION METHODS

- Conventional
- HVLP
- Electrostatic
