## ONE PRODUCT FOR ALL TYPES OF WOODEN WINDOWS

**LAQVIN TOP EG1560** is the **ultimate 1k waterborne topcoat for exterior use**, providing **unbeatable durability performance** that exceeds even the highest industry standards.

EG1560 delivers a modern solution that excels in aesthetics and durability and revolutionizes efficiency, reducing complexity and cutting costs in your manufacturing process.

It is designed to meet the specific needs with increased verticality that enables single coat high thickness application or multi-coat.

### SUPERIOR QUALITY

Crafted with an optimal blend of modern resins, EG1560 sets the standard for exterior topcoats with its exceptional finish, ensuring every window shines in beauty and resilience, adhering to stringent Sherwin-Williams standards and EU normative 927-2.

### APPLICATION FLEXIBILITY

From fine sprays at 160 gr/m<sup>2</sup> to robust layers up to 350 microns, EG1560's adaptable viscosity supports a broad range of application techniques, including rotary bells and hand airless spraying, ensuring flawless application for any project requirement. Its easy pumping feature enhances the product's versatility, allowing for smoother operations during application.

### SIMPLIFIED EXCELLENCE

EG1560's multifunctional approach allows it to serve as a singular solution for multiple coating needs, dramatically reducing production steps, inventory requirements, and decision-making overhead, streamlining operations for enhanced productivity.

## COST REDUCTION

By minimizing the need for multiple products and simplifying the production process, EG1560 not only reduces operational complexity but also significantly lowers overall costs, making high-quality coatings more affordable and accessible.

## CUSTOMIZATION AT ITS CORE

With the SWEEXT tinting system, EG1560 offers endless color possibilities, enabling personalization for any project while maintaining the coating's superior quality.

## ENHANCED PERFORMANCE

EG1560 is engineered for excellence, offering good leveling for a smooth, uniform finish and excellent sag resistance, ensuring a flawless look even on vertical surfaces without dripping or sagging.

Plus, it boasts several **DTI approvals** and meets **EU Normative 927-2**, ensuring a stable and reliable performance.

## **SHERWIN-WILLIAMS YOUR COATING SOLUTIONS PARTNER**

The Sherwin-Williams Company, through its Performance Coatings Group Division, is an industrial coatings leader that delivers local finishing solutions on a global scale to OEMs and tier suppliers. Comprised of coatings professionals dedicated to providing unparalleled customer support, Sherwin-Williams brings value to the finishing process through solutions like on-site technical assistance, customized products, colour and design services, and process improvement expertise. With innovative liquid and powder coating technologies to protect wood, metal and plastic, as well as finishing equipment and supplies needed for coatings application, Sherwin-Williams utilizes an infrastructure spanning six continents to provide better finishing solutions for manufacturers.

Since 1866, Sherwin-Williams has provided manufacturers and finishers with the coatings they need to make their products look better and last longer, while helping their operations meet productivity and sustainability goals. For the industrial wood markets, our innovative solutions go beyond coatings to include knowledge, tools, equipment, supplies, and industry-leading support. We're more than a coatings provider – we are Your Coating Solutions Partner.
