ULTRA-CURE® MARGUARD™ 4010

HIGH-PERFORMANCE, UV-CURE CLEAR TOPCOAT FOR SOLID AND ENGINEERED WOOD FLOORING

Ultra-Care MarGuard 4010 UV Topcoat is a high-performance, UV-cure clear topcoat engineered to withstand life's toughest rigors. This polyurethane wear layer provides advanced durability and resistance to chemicals, stains, scratches and abrasion.

Available for solid and engineered wood flooring, the Ultra-Cure MarGuard line of clear topcoats combines leading strength, excellent clarity and leveling to meet your customers' most demanding needs.

- **Scratch and Mar Resistant:** MarGuard UV Topcoat was designed to prevent scratches and marring, and provides excellent stain resistance in busy commercial and residential spaces.

- **Leveling and Depth:** This product lineup utilizes a combination of fine particles for maximum flow and leveling, as well as clarity.

- **Stain Resistant:** Resistance to common household stain agents ensures your flooring products remain beautiful for years to come.

- **Chemical and Moisture Resistant:** This coating is formulated to withstand harsh household cleaners and chemicals, while maintaining its uniform sheen and finish.

Since 1866, Sherwin-Williams has provided manufacturers and finishers with the coatings they need to make their products look better and last longer, while helping their operations meet productivity and sustainability goals. For the industrial wood market, our innovative solutions go beyond coatings to include knowledge, tools, equipment, supplies and industry-leading support. For a better finish, ask Sherwin-Williams.
