SHERWIN-WILLIAMS®

ROLL ON PILFER PROOF AND WINE CAP COATINGS

SOLUTIONS FOR A WIDE RANGE OF CAPS

Sherwin-Williams provides a unique combination of coating solutions for Roll on Pilfer Proof (ROPP) and wine caps. From miniature to deep drawn caps, interior to exterior, matte to gloss and red to violet, Sherwin-Williams can provide you with a coating system for your cap requirements. Used by leading wine and spirits brand owners, Sherwin-Williams coatings for ROPP and wine caps can be the solution for your cap business.

ROPP CAPS

Sherwin-Williams supplies coating systems suitable for a variety of aluminum ROPP caps. We offer solutions for both sheet-fed roll coat and side wall spray applications. Our coating systems deliver high-level protection to the cap as well as decorative color options.

- **Sheet-fed Roll Coat:** Interiors, exterior basecoats (white, clear or colored) and exterior overprint varnishes
- **Side Wall Spray:** Colored basecoats, varnishes, hot stamping and special effects varnishes and coatings

TIN AND ALUMINUM WINE CAPS

Sherwin-Williams wine cap coating systems offer high-performance protection and decoration for the exterior of a variety of aluminum and tin wine caps.

- **Exterior Decorative Spray:** Coatings from Sherwin-Williams include pigmented coatings and varnishes ranging from high-gloss to matte.
- **Ink Compatibility:** Our coatings for tin and aluminum wine caps are formulated to be compatible with a wide range of inks.

PERFORMANCE ADVANTAGES

Sherwin-Williams offers high-performance interior and exterior coatings for ROPP and wine caps. Below is a summary of top performance advantages that Sherwin-Williams ROPP and wine cap coatings offer. We provide the technology and performance customers can count on.

- Color matching expertise
