HIGH  
PERFORMANCE  
FLOORING

# DECORATIVE FLOORING

Aesthetic, colorful  
floors set the stage for  
high-traffic facilities.

DECORATIVE FLOORING

Discover a wide portfolio of decorative flooring designs made from durable materials engineered to resist chemicals, stains, moisture and everyday wear-and-tear. From entrancing terrazzo to prismatic mosaics, you can turn your floors into works of fine art. Whether it's on display in a sports arena, convention center, airport, school or healthcare facility – we can help you develop a customized floor design that complements the structure. And with the right system, your floors can maintain their beauty with minimal maintenance – creating long-term cost savings for you.

Your dedicated Sherwin-Williams representative will answer your questions every step of the way from assessing your unique project needs and recommending a flooring system to providing technical support during and after the installation phase.

Whether it's help with specifications, receiving samples or assistance during construction, the Sherwin-Williams team is always professional, dependable and extremely helpful.”

# Customized solutions for every single project

We offer a wide variety of seamless, decorative solutions designed to meet your project's particular needs. Available in a wide spectrum of color and aggregate options, Sherwin-Williams flooring systems are ideal for airports, convention centers, healthcare facilities, schools and sports arenas. From high-impact resistance to cleanability or sustainability, our experts will help you choose the appropriate decorative flooring system.

## LASTING DURABILITY AND APPEARANCE

Your floors work hard, enduring everything from heavy foot traffic to harsh cleaning chemicals. Each system in our proven portfolio of decorative flooring solutions is engineered to sustain daily wear and tear while maintaining its appearance – striking the perfect balance between performance and aesthetics.

## SUSTAIN THE FUTURE OF YOUR INVESTMENT

What's more sustainable than a building component that lasts? Whether you're aiming to earn LEED® building credits or reduce your facility's environmental footprint, we can help you select a decorative flooring system that is sleek, durable and eco-conscious without having to sacrifice one feature for another.

## DECORATIVE FLOORING SYSTEMS
