

PROVEN DECK PROTECTION

Sherwin-Williams Resudeck™ Systems are ideal elastomeric protective solutions for waterproofing and/or repairing both new and existing decks. Available in choice of a moderate or heavy traffic system, these hard-working surfaces help safeguard substrates against the damaging effects of freeze/thaw, chemical exposure and daily use, thus extending the life of critical facility assets.

- Excellent durability under high traffic
- Outstanding thermal stability in extreme temperatures
- Resistant to vehicle fluids and many chemicals
- Expand/contract with normal structural movement
- Suitable for a variety of substrates
- UV-resistant topcoat options
- Selection of popular colors
- Safety markings using Sherwin-Williams Pro-Park™ Traffic Paint
