TERRAZZO FLOORING COLOR CARD

DELANO HIGH SCHOOL

PROJECT HIGHLIGHT

AFTER CONSIDERING OTHER OPTIONS, THE DESIGN TEAM FOR THE NEW ADDITION TO DELANO HIGH SCHOOL SPECIFIED RESUFLOOR™ TERRAZZO TG FROM SHERWIN-WILLIAMS HIGH PERFORMANCE FLOORING FOR NEARLY THE ENTIRE FLOOR, BASED ON ITS HIGH DURABILITY, EASE OF CLEANING, COLOR-MATCHING CAPABILITIES, OVERALL AESTHETICS AND LOW LIFETIME COSTS.

SPECIFICATION SUPPORT

Looking for a specific gray? We'll help you find the exact match from well over 50 shades. Need to match a difficult red in a corporate logo? We can precisely dial in the tint with customizable color matching for any design.

Contact your Sherwin-Williams sales representative or swflooring@sherwin.com for assistance with your terrazzo project.

Timeless designs that last the life of your structure.

NATURAL, OPULENT MATERIALS TURN FLOORS INTO WORKS OF ART

A stunning lobby. A sophisticated school. Colored marble, granite chips or other approved aggregates are combined with high solids and pigmented epoxy resin and then polished to reveal their natural beauty. Explore the unlimited color and aggregate pattern possibilities for a floor that complements your structure's design.

COST EFFECTIVE AND EXTREMELY HARD WEARING

Terrazzo's amazing aesthetics are only the beginning. The easy-to-clean and seamless finish is ideal for high-traffic areas such as schools, airports, hotels, hospitals, convention centers and government buildings. And it's cost effective. Terrazzo floors will typically last the lifetime of the structure. While other flooring options may require many repairs or eventual replacement, terrazzo floor systems require minimal maintenance.

A SUSTAINABLE SOLUTION

Sherwin-Williams Resufloor TG system meets Green Building Council's LEED® requirements for low-emitting materials as well as materials and resources credits. Its long lifecycle and minimal maintenance needs offer a lower environmental impact compared to other flooring options. In addition, terrazzo requires only water and neutral liquid cleaner to maintain its finish.
